

Crown Plus are looking to recruit GPS Operatives to work within our Technical Surveys team.

Contracts are currently being delivered from our Head office in Telford which are experiencing unprecedented growth in drainage surveys.

The candidates will have experience of working as part of a team in delivering drainage survey schemes. You must be a team player with an excellent attitude towards onsite health and safety, customer care and delivery.

### **GPS Operative Role**

As a GPS Operative, reporting into the Project Manager (PM), you will be working on a variety of projects in the England and Wales.

You will be working as part of a 2-man team, or sometimes with our Client's site team, surveying drainage assets on the country's trunk road network.

You will need to be diligent and with an eye for detail. You will be working within the Companies Health and Safety Guidelines and shall receive regular inductions on the sites you will be working on.

You will be responsible for ensuring work is completed safely, on time, and to the quality standard required. At the end of each working shift, you will be required to complete shift reports detailing the works achieved. These shift reports must be submitted to the Project Manager directly after the shift finishes.

You will be responsible for the safe keeping of the GPS survey equipment ensuring that any issues are reported immediately.

You will be allocated a works vehicle and will be responsible for the general cleanliness and safe keeping of the vehicle and will be required to undertake daily inspections of the vehicle noting any defects to the PM.

Full training will be provided to the right applicant.

### Full responsibilities include:

- To liaise with the PM and keep them informed of overall performance and progress.
- To liaise with the Client team as necessary to ensure that works are undertaken safely, to the required standard and to meet programme requirements.
- To ensure that all works meet the requirements of the works specification.
- To contribute to the continuous improvement in the safety, quality, efficiency & effectiveness of the site works
- Ensure that teamwork in compliance with company policies and procedures.
- Develop and enforce best practices to ensure operational efficiency.
- Recommend cost-reduction initiatives while maintaining productivity and quality.
- Monitor the safety of your activities & operations, observation of company safe working practices, employee welfare and the environmental impact associated with the works being undertaken.
- Monitor the works and ensure that all shift reports are submitted in accordance with scheme requirements.
- Ensure that you comply with all recognised safe working practices during works.
- Ensure that you have seen and been briefed on all site-specific risk assessments and method statements prior to any site works being undertaken.
- Ensure that you attend all pre-shift briefings.
- Ensure that you adhere to all company H&S requirements
- Ensure that you adhere to all company Drug and alcohol policies.

- Ensure your relevant competencies are kept up to date by liaising with the PM and HR department.
- To assist in the improvement of Crown Plus working practices and identify possible measures to improve the quality of the product to the Client.
- To collate records of all delays / disruptions and instructions and issue to the PM
- Collate and review all 'Site Record' sheets for works completed and submit the same to the PM at the end of each week.

**Qualifications and training**

- Valid CSCS card
- Valid First Aid certificate (Optional).
- Full driving license

**Location**

This is site-based role covering multiple locations around the UK, with key contracts within the Midlands (Area 7 & Area 9) and South West (Area 1 & 2).

The nature of the role will mainly entail working weekday nights, as such you will be expected to work away from home for periods of time. Accommodation, night shift allowances and subsistence payments will be provided.

**Benefits**, in return you will receive:

- 20 days' annual leave plus 8 days' bank holiday
- Pension scheme
- Training and career progression opportunities
- Opportunity to work on long-term Tier 1 contracts
